

Cut pieces of butcher paper in banner size pieces. Ask children to design a fair banner. You may want to use these to decorate the library. How about one that includes directions to the Livestock Area (you can even add a Dewey number!), the Horticulture Building, etc. This will be a great way to highlight areas of the collection!

Visit the Iowa State Fair website [www.iowastatefair.com](http://www.iowastatefair.com) for information about the 2007 events. The Fair will be held from August 9-19 with the theme, *Sounds Like Fun!*

Recreate a judging arena for your own fair—include things like stuffed animal judging, coloring contests, bike decorating, t-shirt decorating and others that might be popular in your particular area. Use the ribbons on the following pages to award your participants.
